

CUSTOM LED STRING LIGHTS

PRODUCT DETAILS

- Each bulb on this unique Custom LED string lights is a smart bulb that is fully programmable.
 - You either select pre-made light designs and animations from the app or even program your own design.
 - **App Controlled:** All lights can be remotely controlled by the Twinkly application available on Google Play Store and iOS App Store.
 - **Quick setup:** The setup is really easy and takes just a moment thanks to the Bluetooth pairing.
 - **Wi-Fi Connection:** Twinkly lights can be setup with your local home/office Wi-Fi so that you don't need to establish a connection every time you use Twinkly.
 - **Weatherproof:** Twinkly products have IP44 protection which makes them perfect for both indoor and Outdoor use.
-

HOW TO USE

- 1) Unbox, download the app Twinkly and decorate.
- 2) Quickly setup your device to join your home or work Wi-Fi.
- 3) The app is able to detect the exact position of every single LED through your smartphone camera. After you are done decorating, simply snap a photo in the app to map your environment

and create breathtaking effects with perfection and ease.

- 4) Choose from a huge gallery of supercool effects like you never seen before.
-
