

## ANTI-FOG

### SPECIFICATION

**Product material:** liquid agent HGKJ-5

**Product capacity:** 20ml

---

### FEATURES

- Natural and biodegradable.
  - Safe and simple to operate.
  - For use on glass or plastic (car windows, glasses)
  - Its effect can stay maintained for 1 to 2 months.
- 

### PACKAGE INCLUDED

1x20ml Anti-fog Agent HGKJ-5

---

### HOW TO USE

1. Clean or wipe the glass to remove dirt or dust.
2. Shake well and spray a little on the glass.
3. Apply evenly with the towel.
4. Wait for it to dry.

### IMPORTANT NOTE:

Due to very close distance between your **glasses** and **nose**, you may realise a fog may stay for 1 or 2 seconds while wearing a mask. This only happens at the beginning until the agent and glasses get to the right operating temperature.

### DO'S AND DONT'S:

Do not spray it in your mouth.

**Keep it away from children!!!**
